

Breath Testing Specialist

Class Schedule

2011

Breath Testing Specialists (BTS) are **Operators** who have completed an advanced breath alcohol instrumentation training class and are ISPFS-certified to perform instrument maintenance, and provide both basic and recertification training for Operators. BTS certification training is good for 26 months. Certification covers the Intoxilyzer series of instruments (the 5000 and 5000EN), the Alco-Sensor III series, as well as the Lifeloc FC20 series.

BTS Classes are taught throughout the year by ISPFS approved Forensic Scientists in three locations covering Northern Idaho (Coeur d'Alene), Central Idaho (Meridian) and Southern Idaho (Pocatello). Students may attend any location/training class which accommodates their schedules. The breath testing classes will be taught at the following times and locations for the calendar year 2011(see schedule below). Subsequent years will have classes taught at the approximate same times within the year.

The first day of classes will consist of training on the portable units (ASIII and the Lifeloc FC20) and the second day will be dedicated to the Intoxilyzer 5000/EN.

To register for classes, please call the appropriate laboratory:

<u>R3 Meridian Lab:</u>	<u>208-884-7170</u>	<u>Contact: Rachel Cutler</u>
<u>R1 Coeur d' Alene Lab:</u>	<u>208-209-8700</u>	<u>Contact: Jeremy Johnston</u>
<u>R5 Pocatello Lab:</u>	<u>208-232-9474</u>	<u>Contact: Lamora Lewis</u>

Please indicate if you are currently certified as a BTS and which days you will be attending.

Check with the appropriate lab for class start times and classroom locations. Classes will start at 8:30 unless otherwise specified.
